

Go After Your Dreams

*When I told my friends I sold Mary Kay,
They laughed out loud and said, "no way"
But I stood tall, because they never knew,
The dream in my heart I had to pursue.*

*With hard work and persistence I'm getting things done,
There's free cars, and jewelry, and trips to be won.
When the bullies appear and won't leave me alone,
I just take that leap to a new comfort zone.
I just keep moving forward, and I never look back,
Overcoming the challenges that take me off track.*

*The friends and the mentors I've met on the way,
I believe are God's angels sent to guide me each day.
But the woman that I met who I love most is me,
I'm becoming the woman God wants me to be.*

*And remember those people who said I was nuts?
Now they say, "WOW", and admire my guts.
Getting paid to throw parties and have girlfriend chats,
How can it get any better than that.*

*Someday I'll retire and spend my days on the beach,
But for now there's recruiting and skin care to teach.
I'm enjoying the journey, having fun along the way,
What a fabulous life!! Thanks Mary Kay.*

*So go after your dreams with all the passion in your heart,
It will take you to places you never dreamed at the start.
Whatever you desire, you can have it all,
Just get back up if you ever fall.*
