

## **HOW TO ORGANIZE YOUR INVENTORY AND PACK FOR YOUR PARTIES!**

**Without a doubt, having a filled roll-up bag for each guest at each appointment is working SMART not hard!!! Here's how I recommend you fill them (and leave in the boxes in case they want to "shop from the bag"):**

First, take out the pieces from inside the Miracle Sets, keep the handout from inside and set aside the empty Miracle Set bag to pack for your parties in case someone wants the Miracle Set only.

- 1st pocket put in the Miracle Set insert, then put in the 3in1 Cleanser in first then Moisturizer or it's hard to fit. (keep the Miracle Set bag separately in case they want to buy it alone or you can use it later!)
- 2nd pocket Day and Night Solution.
- 3rd pocket squeeze in the Microdermabrasion Set-- it's a tight squeeze w/ the box but it'll still zip.
- 4th pocket put in Firming Eye Cream, Satin Lips and Oil-Free Eye Makeup Remover (they'll add a mascara of their choice so be sure to bring them along)

I pack the Satin Hands Sets in a separate box and leave in my car so they can have the cute bag it comes in if they add it :)

**Now you can have them all set and ready to take to your appointments! Ladies can either take the whole bag home so they can get the \$30 bag for free OR can unzip the pockets and shop from it!**

THAT, ladies, is how you truly compete with Lancome ;-)

Hugs!
