

Mother of the Bride Look

For the woman who is always in the glow

Mary Kay Global Makeup Artist Luis Casco created this soft smoky eye for the mother of the bride. With luminous eyes and cheeks, the bride won't be the only one glowing!

1. Apply **Crystalline mineral eye color** to the eyelids. Brush **Precious Pink mineral eye color** into the creases. Line upper and lower lashlines with **MK Black eyeliner** and smudge slightly for a softer look. Apply more eyeliner the top lashlines without smudging to add extra intensity.
2. Sweep on two coats of **Lash Love® Waterproof Mascara in I ♥ black**.
3. Swirl the blush and highlighter from **Juicy Guava mineral cheek color** duo and apply it to the apples of the cheeks, adding extra highlighter to the tops of the cheekbones to give a more lifted appearance.
4. Apply **True Dimensions® Sheer Lipstick** in Posh Pink.
5. Set it and forget it with **Mary Kay® Makeup Finishing Spray** by Skindinåvia.
