

SNOWMAN SATIN HANDS

1. Satin hands set
2. Batting 15"x7"
3. Tulle or Netting approx 25" round/square (This can be trimmed off)
4. Shish Kabob stick wooden (at Meijers)
5. Snowman head (Dollar Tree)
6. twist tie or ribbon

After cutting batting and netting,

- Wrap batting around satin hands (can be tacked with glue to hold in place)
- Place satin hands in the middle of netting and gather at the top (just like a gift basket)
 - Place stick in center of satin hands (the bag has a hole in the center)
 - Use twist tie to secure netting
 - Place snowman head on top of stick (I use a little glue to secure head)
 - Finish with permanent magic marker "black" draw round circles for buttons on his belly.

I Charge \$30.00 for the snowman

Have Fun,
Denise McCarthy
