

To use this template: forward, make needed edits (delete this/edit pink/add your link/Pic), send to yourself, check formatting/links (to add a link to your NC page - go to the actual page online and copy the URL/http://, then highlight/select the text you want to link, right click, add link/hyperlink, and paste in your URL). Once you are Happy with it, keep it in your template folder or flag it in your sent items, and keep that folder sorted by the flagged items so your templates stay on top to resend - just be sure to edit their name :)
